STRATFORD GUIDELINES FOR VISITORS

- Please respect Stratford's facilities, land, and animals, and enjoy your time on the property
- Smoking and alcoholic beverages are prohibited on Stratford Ecological Center property.
- Each group is responsible for kitchen cleanup, including the washing, drying, replacing of all Stratford dinnerware, utensils and kitchen items used by the group. We encourage the use of Stratford's dinnerware and utensils vs. disposables when possible. Stratford can provide up to 100 table settings with flatware at no charge if you wish to use these items.
- Each group is responsible for rearranging tables and chairs if a different setup is required. A furniture dolly is available to help with the moving of tables and chairs and is located in the table storage closet. Please do not drag or slide tables and chairs across the floor.
- Please place all non recyclable trash in trash can provided, and all recyclable items in designated containers prior to leaving Stratford, including: glass, aluminum, plastic (#1 & #2), cardboard, paper and food waste. (Compost bin is in kitchen beside sink or on table.)
- **PARKING ON THE GRASS IS NOT PERMITTED.** The overflow parking area is to be used if the main lot is full. This is the gravel area north of the main parking area. Stratford staff can direct you to overflow parking if necessary.
- We ask that participants remove muddy shoes and leave them in the vestibule during wet weather. Muddy carpets and floors may result in additional cleaning charges. (See Fee Schedule.)
- Rental groups are responsible for sweeping the main meeting room after use. (Brooms and dustpans are beside the refrigerator in the kitchen.)
- Windows and exterior doors are not to be opened without staff approval. A Geothermal climate control system is in use. Ceiling fans can be turned on if desired, just notify a staff member if you would like them on.
- Machinery barn and equipment sheds are off limits to all visitors. When visiting other Stratford areas, please follow the posted guidelines.
