

Discovering the Sugar Bush

One of Stratford Ecological Center's most popular educational activities is its maple syrup program and annual Maple Sugar Pancake Breakfast in March. We tap our trees, boil our sap and make our own maple syrup here at the Stratford Sugar Shack. Follow the trail beside the flowing stream that winds through our eastern woodland of mature maple trees (aka the sugar bush) to the Sugar Shack. Join us and relax to the soothing bubbling of maple syrup and the emergence of spring.

All donations to this fund will be used to purchase the Immediate Items listed below, which we urgently need to enhance Stratford's Maple Syrup production.

- Urgently needed items:
- cone-filter tank
 - gas-powered log splitter
 - large storage tank
 - ATV – Gator type – for sap hauling

\$500

Maple Moon Donor

The Maple Moon is the Native American designation for the sugaring season. This early spring moon signals that the sap, thanks to freezing nights and warm days, begins to rise in the maple trees.
